

## Safety Data Sheet

### 1. IDENTIFICATION

|                                |  |
|--------------------------------|--|
| <b>Product Identifier:</b>     | <b>Coomassie Blue G250, Powder</b>   |
| <b>Product Code(s):</b>        | PF15019  |
| <b>Synonyms:</b>               | C.I. 42655; Coomassie <sup>®</sup> 4 Brilliant Blue Gand G 250; Acid Blue 90; Brilliant Blue G 250       |
| <b>Recommended Use:</b>        | For manufacturing, industrial, and laboratory use only. Use as a laboratory reagent.                     |
| <b>Uses Advised Against:</b>   | Not for food, drug, or household use.  |
| <b>Supplier:</b>               | Pioneer Forensics, LLC<br>6801 West 20th Street, Suite 204<br>Greeley, CO 80634<br>Phone: (970) 515-5420 |
| <b>Emergency Phone Number:</b> | For health emergency, call poison control: (800) 222-1222.   |

### 2. HAZARDS IDENTIFICATION

|  |  |
|--|--|
| <b>Hazard Classifications:</b>           | Combustible Dust   |
| <b>Signal Word:</b>                      | WARNING  |
| <b>Hazard Statements:</b>                | May form combustible dust concentrations in air.                 |
| <b>Pictograms:</b>                       | Not applicable.  |
| <b>Precautionary Statements:</b>         |  |
| <b>Prevention:</b>                       | Not applicable.  |
| <b>Response:</b>                         | Not applicable.  |
| <b>Storage:</b>                          | Store in a well-ventilated place. Keep container tightly closed. |
| <b>Disposal:</b>                         | Not applicable.  |
| <b>Hazards Not Otherwise Classified:</b> | Not applicable.  |
| <b>Toxicity Statement:</b>               | Not applicable.  |

### 3. COMPOSITION AND INFORMATION ON INGREDIENTS

| Component           | Common Name / Synonyms | CAS#      | Chemical Formula   | % by Weight |
|---------------------|------------------------|-----------|--|-------------|
| Coomassie Blue G250 | Brilliant Blue G-250   | 6104-58-1 | C <sub>47</sub> H <sub>48</sub> N <sub>3</sub> NaO <sub>7</sub> S <sub>2</sub> | 100         |

Trade Secret Statement: Not applicable.

### 4. FIRST AID MEASURES

#### First Aid Procedures:

- Inhalation:** Move to fresh air. If breathing is difficult, give oxygen. If not breathing, give artificial respiration. Call a physician if symptoms occur.
- Ingestion:** Do not induce vomiting unless directed to do so by medical personnel. If vomiting occurs, keep head low so that vomit does not enter lungs. Never give anything by mouth to an unconscious person. Call a physician or poison control center if symptoms occur.
- Skin Contact:** Wash skin with soap and plenty of water for at least 15 minutes. Remove contaminated clothing and shoes. Wash clothing before reuse. Call a physician if symptoms occur.
- Eye Contact:** Check for and remove contact lenses, if present and easy to do. Immediately flush eyes with gentle but large stream of water for at least 15 minutes, lifting lower and upper eyelids occasionally. Call a physician if symptoms occur.
- General Advice:** Poison information centers in each state can provide additional assistance for scheduled poisons. Ensure that those providing first aid and medical personnel are aware of the material(s) involved and take precautions to protect themselves.

**Symptoms and Effects:** No information found.

**Immediate Medical Care/  
Special Treatment:** Get medical attention if feeling unwell or concerned. Treat symptomatically.

### 5. FIREFIGHTING MEASURES

**Suitable Extinguishing Media:** Water spray, dry powder, alcohol resistant foam, carbon dioxide.

**Unsuitable Extinguishing Media:** Do not use a solid (straight) water stream, as it may scatter and spread fire.

**Hazardous Combustion  
Products:** Carbon oxides, nitrogen oxides, sulfur oxides.

**Specific Hazards:** Dust can form an explosive mixture with air. Excessive thermal conditions may cause decomposition and yield corrosive and/or toxic fumes.

**Special Protective Equipment/  
Precautions for Firefighters:** As in any fire, wear MSHA/NIOSH-approved (or equivalent), self-contained, positive-pressure or pressure-demand breathing apparatus and full protective gear. Use water spray to cool unopened containers. Move containers from fire area if you can do so without risk.

### 6. ACCIDENTAL RELEASE MEASURES

**Personal Precautions and  
Protective Equipment:** Ventilate area of leak or spill. Isolate hazard area and keep unnecessary and unprotected personnel away from the area of the leak or spill. Keep upwind. Wear appropriate personal

protective equipment (see Section 8). Avoid contact with eyes, skin, and clothing.

**Emergency Procedures:** In case of chemical emergency, or if unsure how to address an accidental release, consult a professional (see Section 1).

**Methods for Containment:** Prevent entry into waterways, sewer, basements, or confined areas. Avoid generation of product dust. Product should not be released to the environment. Contain and recover waste when possible.

**Methods for Cleanup:** Sweep up spill and place in a non-combustible container for reclamation or disposal. Do not flush to sewer. Clean contaminated surface thoroughly. Residue from spills can be diluted with water. Never return spills in original containers for reuse. Clean up in accordance with all applicable regulations.

## 7. HANDLING AND STORAGE

**Handling:** Wear personal protective equipment (see Section 8). Use only in well-ventilated areas. Provide sufficient air exchange and/or exhaust in work areas. Avoid contact with skin, eyes, and clothing. Avoid generation of product dust. Do not breathe product dust. Do not ingest. When using, do not eat, drink, or smoke. Keep away from incompatible materials (see Section 10). Handle in accordance with good industrial hygiene and safety practice. Wash thoroughly after handling. Containers of this material may be hazardous when empty, as they retain product residues. Observe all warnings and precautions listed for this product.

**Storage:** Store in a cool, dry, ventilated area. Store away from heat and incompatible materials (see Section 10). Store in original container. Keep containers tightly closed and upright. Keep away from food, drink, and animal foodstuffs. Keep out of the reach of children. Comply with all national, state, and local codes pertaining to the storage, handling, dispensing, and disposal of this product.

## 8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

**Exposure Limits:** No information found.

**Engineering Controls:** Ensure adequate ventilation. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.

**Personal Protective Measures:**

**Eye/Face Protection:** Wear safety glasses with side shields or goggles. Maintain approved eye wash station and accessible rinse facilities in work area.

**Skin Protection:** Wear appropriate chemical resistant clothing (with long sleeves) and appropriate chemical resistant gloves.

**Respiratory Protection:** An air-purifying, NIOSH-approved respirator with an organic vapor cartridge or canister may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits. Use a positive-pressure, air-supplied respirator if there is any potential for an uncontrolled release, if exposure levels are unknown, or if any other circumstances exist where air-purifying respirators may not provide adequate protection.

**Specific Requirements for Personal Protective Equipment:** Ensure that glove material is compatible with this product. This information is available from glove manufacturers.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

*Unless otherwise indicated, all properties are given 25 °C and standard pressure.*

|   |                       |
|---|-----------------------|
| <b>Appearance:</b>                              | Dark blue powder.     |
| <b>Odor:</b>                                    | Odorless.             |
| <b>Odor Threshold:</b>                          | No information found. |
| <b>Formula Weight:</b>                          | 854.02                |
| <b>pH:</b>                                      | 5.5 – 6.5             |
| <b>Melting/Freezing Point:</b>                  | 100 °C                |
| <b>Boiling Point/Range:</b>                     | No information found. |
| <b>Decomposition Temperature:</b>               | No information found. |
| <b>Flash Point:</b>                             | Not applicable.       |
| <b>Auto-ignition Temperature:</b>               | Not applicable.       |
| <b>Flammability:</b>                            | Not flammable.        |
| <b>Flammability/Explosive Limits:</b>           | Not applicable.       |
| <b>Solubility:</b>                              | No information found. |
| <b>Vapor Pressure:</b>                          | No information found. |
| <b>Vapor Density:</b>                           | Not applicable.       |
| <b>Specific Gravity:</b>                        | > 1.0                 |
| <b>Evaporation Rate:</b>                        | Not applicable.       |
| <b>Viscosity:</b>                               | Not applicable.       |
| <b>Partition Coefficient (n-octanol/water):</b> | No information found. |

## 10. STABILITY AND REACTIVITY

|  |  |
|--|--|
| <b>Reactivity Data:</b>                    | No information found.                          |
| <b>Chemical Stability:</b>                 | Stable under normal conditions.                |
| <b>Conditions to Avoid:</b>                | Light, incompatible materials.                 |
| <b>Incompatible Materials:</b>             | Strong oxidizers.                              |
| <b>Hazardous Decomposition Products:</b>   | Carbon oxides, nitrogen oxides, sulfur oxides. |
| <b>Possibility of Hazardous Reactions:</b> | None under normal conditions.                  |
| <b>Hazardous Polymerization:</b>           | Will not occur.                                |

## 11. TOXICOLOGICAL INFORMATION

|                            |   |
|----------------------------|---|
| <b>Routes of Exposure:</b> | Inhalation, ingestion, skin contact, eye contact.                           |
| <b>Acute Effects:</b>      | May cause irritation if swallowed, inhaled, or exposed to the skin or eyes. |

|                              |  |
|------------------------------|--|
| <b>Chronic Effects:</b>      | No information found.  |
| <b>Toxicological Data:</b>   | No information found.  |
| <b>Symptoms of Exposure:</b> | No information found.  |
| <b>Carcinogenic Effects:</b> | No component of this product is considered to cause cancer by IARC, ACGIH, NTP, or OSHA. |

## 12. ECOLOGICAL INFORMATION

|                                       |  |
|---------------------------------------|--|
| <b>Ecotoxicological Data:</b>         | No information found.  |
| <b>Persistence and Degradability:</b> | Soluble in water. Not expected to bioaccumulate.               |
| <b>Environmental Effects:</b>         | Partition Coefficient (n-octanol/water): No information found. |

## 13. DISPOSAL INFORMATION

|                                |  |
|--------------------------------|--|
| <b>Disposal Instructions:</b>  | Dispose of this material and its container to an approved waste collection point. Minimize exposure to product waste (see Section 8). Do not dispose unused waste down drains or into sewers. All wastes must be handled in accordance with local, state, and federal regulations. |
| <b>Contaminated Packaging:</b> | Because containers retain product residue, follow label warnings even after container is emptied. Offer rinsed packaging material to local recycling facilities.   |
| <b>Waste Codes:</b>            | No information found.  |

## 14. TRANSPORT INFORMATION

|  |                       |
|--|-----------------------|
| <b>DOT:</b>                              | Not regulated.        |
| <b>Environmental Hazard Regulations:</b> | No information found. |
| <b>Other Transport Precautions:</b>      | No information found. |

## 15. REGULATORY INFORMATION

### U.S. Federal Regulations:

|                        |   |
|------------------------|---|
| <b>OSHA:</b>           | This product is considered a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200. |
| <b>TSCA Inventory:</b> | All components of this product are on the U.S. TSCA Inventory.  |

### U.S. EPCRA (SARA Title III):

|                     |                       |
|---------------------|-----------------------|
| <b>Section 302:</b> | No information found. |
|---------------------|-----------------------|

**Sections 311/312:**

| Hazard Category                  | List (Yes/No) |
|----------------------------------|---------------|
| Section 311 – Hazardous Chemical | Yes           |
| Immediate Hazard                 | No            |
| Delayed Hazard                   | No            |
| Fire Hazard                      | Yes           |
| Pressure Hazard                  | No            |
| Reactivity Hazard                | No            |

**Section 313:** No information found.

**CERCLA Reportable Quantities:** No information found.

**International Inventories:**

| Country or Region | Inventory Name   | On Inventory (Yes/No)* |
|-------------------|--|------------------------|
| Australia         | Australian Inventory of Chemical Substances (AICS)                     | Yes                    |
| Canada            | Domestic Substances List (DSL)   | Yes                    |
| Canada            | Non-Domestic Substances List (NDSL)                                    | No                     |
| China             | Inventory of Existing Chemical Substances in China (IECSC)             | Yes                    |
| Europe            | European Inventory of Existing Commercial Chemical Substances (EINECS) | Yes                    |
| Europe            | European List of Notified Chemical Substances (ELINCS)                 | No                     |
| Japan             | Inventory of Existing and New Chemical Substances (ENCS)               | Yes                    |
| Korea             | Existing Chemicals List (ECL)  | Yes                    |
| Philippines       | Philippine Inventory of Chemicals and Chemical Substances (PICCS)      | Yes                    |

\*A "Yes" indicates that the listed components of this product comply with the inventory requirements administered by the governing country or region.

|                              |
|------------------------------|
| <b>16. OTHER INFORMATION</b> |
|------------------------------|

**Disclaimer:**

Pioneer Forensics, LLC provides the information in this Safety Data Sheet in the belief that it is reliable but assumes no responsibility for its completeness or accuracy. The physical properties reported in this SDS are obtained from literature and do not constitute product specifications. Pioneer Forensics, LLC makes and gives no representations or warranties with respect to the information contained herein or the product to which it refers, whether express, implied, or statutory, including without limitation, warranties of accuracy, completeness, merchantability, non-infringement, performance, safety, suitability, stability, and fitness for a particular purpose. No warranty against infringement of any patent, copyright or trademark is made or implied. This SDS is intended only as a guide to the appropriate handling of the material by a properly trained person. It shall be the user's responsibility to develop proper methods of handling and personal protection based on the actual conditions of use. Accordingly, Pioneer Forensics, LLC assumes no liability whatsoever for the use of or reliance upon this information including results obtained, incidental or consequential damages, or lost profits.

**Issue Date:** April 9, 2024

**Reason for Revision:** Not applicable.
